Our CE-180 Waste Oil Furnace is a cost-effective and eco-friendly way to heat mid-sized spaces.

With up to 175,000 BTUs of heating power coupled with an innovative new furnace design, the CE-180 will help your business start saving money immediately. And by helping to dispose of used petroleum products cleanly and safely, it’s a smart way to generate free heat for your facility.

**Included with the furnace:**
- Stainless steel heat exchanger
- Preassembled metering pump
- Clean Energy burner
- Direct drive blower w/ 3/4hp motor
- Inline oil filter w/gauge
- Barometric damper
- Digital wall thermostat

**Features:**
- High-velocity, stainless steel, air swept heat exchanger
- Vertical, stainless steel flue tubes
- Over-center latches on clean-out doors
- Left or right side chimney outlets
- Tank, wall or ceiling mountable
- 1000+ hour cleaning interval
- 10-year warranty on heat exchanger
- 2-Year Warranty On Parts
- Made in the USA

**Specifications:**
- 175,000 BTU/hour input
- 1.2 GPH max fuel consumption
- 1,700/80°F air flow output CFM/heat rise
- 115 VAC, 60 Hz, single phase, 20-amp breaker
- UL and cUL Listed
- Hanging weight 470 lbs.
- 6" diameter stack outlet

**Acceptable fuel:** used crankcase oil, transmission fluids, hydraulic oil, #2 heating oil (diesel fuel) and most synthetic oils.
